

---

Good Morning Ruth!

I just wanted to quickly thank someone for the Greater Toledo Bowling Association website! One of my summer tutoring students picked to do his research project on his favorite sport, which is bowling, and in his research he ended up on the links webpage (this page - [www.toledobowling.com/Links.html](http://www.toledobowling.com/Links.html)). He thought we should tell someone from the association that we've been using the links - he found great information for his project on the USBC, PBA, & Bowling Digital websites!

It was actually Anthony who pointed out that we should say thank you, and I suggested that we also return the favor and pass on a resource for you! He did some more research and would like to share this:

Cleaning & Maintaining Bowling Balls & Equipment -  
[www.commercialofficecleaning.com/cleaning-bowling-balls.html](http://www.commercialofficecleaning.com/cleaning-bowling-balls.html)

It has some really great information on cleaning bowling balls and shoes, with links to great resources and checklists. Anthony says his dad always makes sure he takes care of his gear, and he thought you folks would like it! Hopefully you can add it, I think he'd be really excited if he saw it on the page. Thanks again Ruth, and enjoy the rest of your summer!

Sincerely,  
Anthony & Miss VanAllen
